Description	Quantity	Unit Price	VAT	Amount GBP
Call out to the glasswasher (reported: watermarks & rinse aid not going in) & first hour's labour NB: Potentially the watermarks could be a limescale issue, therefore, we have quoted for descaling the glasswasher, and the supply of a water softener. The fitting is included in the ESTIMATED labour time of 2 hours. The Engineer would also run general checks - filling, chemical input, wash & rinse temperatures & cycle times, position of wash & rinse arms & jets, and drainage.	1.00	215.00	20%	215.00
Descal - ESTIMATE 2 litres	2.00	8.50	20%	17.00
Supply only of Water softener 12 Ltr manual (HIGHLY RECOMMENDED to help prevent the build of limescale, thereby assisting longevity of the dishwasher) Price includes 1 x Blue inlet hose	1.00	137.50	20%	137.50
Rinse aid pump (THIS IS A GUESTIMATE because we do not know what the machine is, it could be cheaper) Alternatively, it may only need the pinch tube changing, which is £22.50 + VAT as opposed to the price for the pump itself.	1.00	140.00	20%	140.00
Carriage	1.00	17.50	20%	17.50
			Subtotal	527.00
			TOTAL VAT 20%	105.40
			TOTAL GBP	632.40
